9th Annual Trauma Anaesthesia and Critical Care Symposium May 16 - 17, 1996

The Yearly International Scientific Meeting on the Perioperative Anaesthetic and Critical Care Management of Trauma Patients

- PLENARY SESSIONS
- SIMULTANEOUS BREAK-AWAY SESSIONS
- INTERACTIVE CLINICAL DEBATES
- SIMULATIONS
- PROBLEM-BASED LEARNING
- ROUNDTABLE DISCUSSIONS
- HANDS-ON WORKSHOPS
- SCIENTIFIC PRESENTATIONS/FREE
- PAPERS/POSTERS

Sponsored by the

International Trauma Anaesthesia and Critical Care Society (ITACCS)

the

Association of Anaesthetists of Great Britain and Ireland and a

Multinational Academic Consortium featuring

RESEARCH MINI-GRANT AWARDS

"Prospective Research Project" (up to \$20,000)

"Best Scientific Free Paper" (\$2,000)

"Best Scientific Poster" (\$2,000)

and a

Special Pre-Symposium A.T.L.S. Course and

Stylish Recreational and Social Events

9TH ATACCS RETURNING TO EUROPE DIRECT FROM THE USA

May 16 - 17 1996, Royal College of Surgeons of England, London, England

The annual scientific meeting of ITACCS has become the international forum for all specialists involved in traumatology, anaesthesia and critical care of the trauma patient including clinical practice, basic science and clinical research.

21 SEPARATE SESSIONS AND OVER 60 INTERNATIONAL FACULTY

- Trauma Systems: Establishing Standards, Systems and Information Management Systems
- Pathophysiology of Trauma: Biomechanics of Injury, Head Injury, Metabolic Responses, ARDS
- Trauma Team Care: Priorities, Team Dynamics, Role of the Team Leader, Impact of Video Analysis
- Prehospital Trauma Care: Major Interventions in the Field, Anaesthesia and Analgesia for Extrication, Aeromedical Evacuation
- Initial Assessment and Monitoring: Cervical Spine, Transesophageal Echocardiography, Neurotrauma, Paediatric Trauma
- Resuscitation: Blood Substitutes, Blood Conservation, Severe Hypothermia, New Techniques in Brain Resuscitation
- Cost-effectiveness in Trauma Care: The New Reality
- Goal-directed Therapy in Trauma

- Recognising Failure in Trauma Intensive Care: When is Enough Enough?
- Resuscitation and Anaesthetic Management of Specific Injuries: Penetrating Injuries to the Trunk, The Unstable Pelvis, Ruptured Thoracic Aorta, Spinal Injury
- Trauma Anaesthesia Techniques: The Difficult/Compromised Airway, Inducing Anaesthesia in Critical Situations, Newer Anaesthetic Agents, Paediatric Trauma
- Intensive Care: Alternative Ventilator Therapy, Current Role of ECMO, Use of Nitric Oxide, Nosocomial Infections
- Pain Relief: Overcoming the Problem
- Workshops: Special Airway Skills, Paediatric Case Discussions, Trauma Simulation, Extrication and Immobilisation Techniques
- Trauma Anaesthesia The Way Forward

HANDS ON WORKSHOPS

- Airway Management
- · Paediatric Case Discussions
- Extrication & Immobilisation
- Disaster Management

SYMPOSIUM OBJECTIVES

The objectives of this programme are to provide participants with:

- basic and state-of-the-art clinical information concerning resuscitation, diagnosis and perioperative anaesthetic and critical care management of trauma and emergency care patients;
- up-to-date information concerning trauma centre and system issues and programmes that can influence the delivery of emergency trauma care;
- a forum for the exchange of information and ideas between the faculty and participants from throughout the world.

WHO SHOULD ATTEND?

 Anaesthetists, Intensivists, Surgeons, Emergency Physicians, Emergency Department, Operation Room & Critical Care Nurses, Paramedics.

PRE-SYMPOSIUM WORKSHOP

 Advanced Trauma Life Support (ATLS) Student Course for Physicians (Monday, Tuesday & Wednesday, May 13th-15th 1996).

EXTENSIVE TRADE EXHIBITION

A wide range of relevant products will be displayed.

RATIONALE FOR SYMPOSIUM

Since the incidence of trauma is projected to mount and because medical practice in the field is improving dramatically, the number of trauma patients reaching the hospital alive will continue to grow. Thus, trauma management will become an increasingly large part of anaesthesia practice.

Presently, only a few anaesthetists and nurses actually specialise in trauma, yet almost everyone is involved with trauma care just by sheer necessity. Until recently, the knowledge and skills necessary to perform this function have been obtained empirically. However, this will no longer suffice. Specific training for trauma management can be obtained by attending the 9th Annual Trauma Anaesthesia and Critical Care Symposium.

9th Annual Trauma Anaesthesia and Critical Care Symposium May 16 -17 1996 · London, England

INTEGRATED PRELIMINARY PROGRAMME

MONDAY, TUESDAY & WEDNESDAY MAY 13-15, 1996 Special Pre-symposium Workshop: ATLS		1215 - 1240	The Kobe Earthquake: The System Response K Tanaka, Fukuoka

ADVANCED TRAUMA LIFE SUPPORT (ATLS) STUDENT COURSE

For Physicians: Sponsored by the ATLS Steering Group at The Royal College of Surgeons of England.

Date: Monday 13 - Wednesday 15 May 1996

Venue: The Royal College of Surgeons of England, Lincoln's Inn Fields, London, WC2A 3PN

Fee: £350 (no payment required until space allocated)

Course Director: Dr Bernard Riley, Adult Intensive Care Unit, Queen's Medical Centre, Nottingham

Course Co-ordinator: Mrs Oonagh Egerton, The Royal College of Surgeons of England, London

The ATLS Course will provide an excellent background for the 9th Annual Trauma Anaesthesia and Critical Care Symposium. The Course was designed by the American College of Surgeons to train physicians in the proper management of the trauma victim. These courses have been run in the UK under the auspices of the Royal College of Surgeons since 1988. The two day course emphasises trauma patient assessment and life saving skills and includes the following lectures:

Initial Assessment, Airway and Ventilatory Management, Shock, Thoracic Trauma, Abdominal Trauma, Head Trauma, Spine and Spinal Cord Trauma, Extremity Trauma, Burns, Paediatric Trauma, Trauma in Pregnancy and Stabilisation and Transport.

The Lectures will be accompanied by the appropriate skills stations including simulated casualty management.

Upon completion of the course, the physician will be able to demonstrate the concepts, principles, and skills of primary and secondary survey in patient assessment, establish trauma treatment priorities and demonstrate the skills used in the initial assessment and management of the patient with multiple injuries. Physicians who successfully complete the course will receive a wallet card from the Royal College of Surgeons of England indicating this status. Tuition fee includes all text and laboratory materials.

The course is limited to 16 participants on a first come first served basis. To register, complete the Registration Form below and forward to: ATLS c/o AAGBI, 9 Bedford Square, London, WC1B 3RA, UK.

For further information please contact: Mrs Oonagh Egerton, Raven Department of Education, Royal College of Surgeons of England, 35/43 Lincoln's Inn Fields, London, WC2A 3PN, UK Fax +44 (0)171 973 2117

9TH ATACCS

Special Symposium for Nurses in Trauma Anaesthesiology, Critical Care and the Emergency Department Saturday, 18 May 1996

The Royal College of Surgeons of England, Lincoln's Inn Fields, London, WC2A 3PN

This special symposium for Nurses working in the field of trauma anaesthesia, critical care and the Emergency Department immediately follows the 9th Annual Trauma and Critical Care Symposium, an international meeting which is the landmark event for those involved in the management of training worldwide.

The Special Symposium for Nurses has an Anglo American Faculty and will be of especial interest to nurses and paramedics working in this expanding field. It is a unique opportunity not to be missed.

PROGRAMME

0800 - 0900	Registration	1130 - 1200	Prehospital Trauma Management		
0900 - 0905	900 - 0905 Welcome by Special Symposium Director Mr Charles Barton, CRNA, Program Director, The University of Akron College of Nursing, Ohio, USA		Mr Simon Davies, BN (Hons),RGN,A & E Cert, DCR,ATNC (I) Staff Nurse, Emergency Dept, North Staffs. Hosp, Stoke-on-Trent, UK

INSTRUCTIONS FOR ABSTRACT SUBMISSION

9th ATACCS will feature scientific free paper and poster presentations in addition to invited presentations. Those interested in submitting abstracts are invited to apply by completing the attached application and abstract form. The abstract must be typed on the form overleaf which will be printed in the abstract booklet exactly as received. Deadline for receipt of abstracts is 1 FEBRUARY 1996.

INSTRUCTIONS

- Use English only and use the special form on reverse of this page.
- 2. The abstract will appear exactly as submitted.
- 3. Do not fold.
- The abstract must fit in the designated space no margin at top or left side.
- 5. Use electric typewriter or a laser printer.
- 6. Do not erase
- Type single space only.
- 8. Type title in CAPS as first line(s).
- Author(s) and institution(s), city & country, in lowercase letters, should follow the title.
- 10. Underline presenting author.
- 11. Indent paragraphs 3 spaces.
- 12. Organise as follows within abstract space:
 - purpose of study
 - method of use - results
 - conclusion
- 13. Simple tables may be included.
- Place abbreviations in parentheses after word first appears.

EXAMPLE

CONTINUOUS ARTERIO-VENOUS REWARMING: A NEW TREATMENT FOR HYPOTHERMIA*

L.M.Gentilello, ¹ V. Cortes, J. Moujaes, S.C.H. Ho, M.Viamonte, T.L. Malinin, G.A. Gomez, Departments of Surgery, University of Miami/Jackson Memorial Medical Center, Miami, FL and ¹Harborview Medical Center, University of Washington, Seattle, WA.

We evaluated a technique for treating hypothermia that achieves rapid extra-corporeal rewarming without heparin or pump assistance. Hypothermia to 29.5C was induced in eight anaesthetised dogs and thermistors placed in the pulmonary artery, liver, bladder....

NOTE: Presentations will be chosen on the basis of scientific merit and content. The authors of scientific abstracts not chosen for oral presentation will be given the opportunity to present a poster.

Exhibition and Conference Hotel Reservations Service

FREEPOST, 8 The Broadway, Barnes, London, SW13 0BR. Tel.: 0181-878 4092 Fax: 0181-876 1313

DISCOUNTED HOTEL ACCOMMODATION

9th Annual Trauma Anaesthesia and Critical Care Symposium 16th-17th May 1996, Royal College of Surgeons of England, Lincoln's Inn Fields

HOTELSCENE, in conjunction with the ASSOCIATION OF ANAESTHETISTS, have arranged special discounted rates at selected hotels for delegates who may wish to stay overnight.

Simply complete the attached Reservation Form and post or fax it to Catherine Hurley: Fax No: 0181-876 1313. For more information or for late bookings call 0181-878 4092 and ask for Catherine.

PLEASE NOTE: 1. Reservations made on your behalf are guaranteed in your name and you should advise us if it is necessary to cancel or amend your booking. 2. Overseas visitors arriving at the hotel after 6.00pm should give a Credit Card number on the Reservation Form in order to hold the room for late arrival. If no Credit Card number is given, the room will be held on a 6.00pm release. This does not apply to British residents. 3. A written confirmation will be sent by return. 4. The hotel should be paid in the usual way on departure. 5. If the hotel you require is not listed, Hotelscene can book ANY hotel at a substantially discounted rate. State your requirements on the booking form. 6. There is no charge for this service.

All rates are for a room with private bathroom per night, include VAT at SPECIAL RATES 17.5%, and exclude breakfast except where indicated Discounted Rate(£) Normal Rate(£) Hotel Standard Proximity to Royal College of Surgeons Single Twin Single Twin Marlborough Bloomsbury Street, WC1 First Class 104.00 126.00 125.00 167.00 1 stop on tube or Inc.Continental Breakfast short taxi ride Drury Lane Moat House Drury Lane, WC2 First Class 102.50 119.00 119.00 139.00 15 minute walk or short taxi ride Russell First Class 115.00 95.00 120.00 130.00 1 stop on tube or Russell Square, WC1 Inc.English Breakfast short taxi ride Forte Crest Bloomsbury Coram Street, WC1 First Class 90.00 105.00 125.00 145.00 1 stop on tube or short taxi ride Kenilworth First Class 99.00 83.00 111.00 152.00 1 stop on tube or Great Russell Street, WC1 Inc.Continental Breakfast short taxi ride Bloomsbury Park Southampton Row, WC1 Medium 79.00 89.00 84.00 94.00 1 stop on tube or short taxi ride Waverley House Southampton Row, WC1 Upper Medium 72.00 89.00 Inc.English Breakfast 106.50 145.00 1 stop on tube or short taxi ride Bonnington 68.00 87.00 Inc.English Breakfast Medium 80.00 100.00 1 stop on tube or Southampton Row, WC1 short taxi ride 49.00* Economy 63.00* 49.00 63.00 1 stop on tube Tavistock Square, WC1 Inc.English Breakfast

The City of London

London has become the meeting centre of the world and attracts a wide range of international events. Our capital's success in this field is linked to its great appeal as a tourist destination. London is a blend of tradition, ceremony, history and modern innovation and technology. There is much to see in London from the well-known landmarks such as the Tower of London, Westminster Abbey, St Paul's Cathedral, and Buckingham Palace to lesser known sites such as the City of London's Guildhall, the National Theatre, the Silver Vaults and Churchill's War Rooms. The city also boasts a wide range of world famous museums to appeal to every taste. The major shopping areas are a short distance away from the listed hotels. Covent Garden with its wide range of restaurants, shops and entertainments is a short walk away. As befits a capital city, London's nightlife is both varied and extensive. Literally hundreds of shows are running in the West End theatres, cinemas and concert halls.

Travel

Heathrow, Gatwick, Stansted and City Airports service nearly 100,000 passengers daily and with over 100 airlines based at the airports, London has the best route structure and wider choice of destinations and schedules than any other city in the world. They serve some 230 international destinations plus all major UK cities. The Piccadilly underground train line extends from the heart of Heathrow to central London. Most of the hotels listed are within a few minutes walking distance of either the Russell Square or Holborn stops. Gatwick Airport is serviced by an express train into the heart of London every 15 minutes. These direct lines are in addition to the regular bus and coach services into the centre of town. Taxis from Heathrow to central London will cost approximately £40 and a little more from Gatwick. The Channel Tunnel is now open and passengers can travel via Eurostar from Paris or Brussels to Waterloo Station in the heart of London in a little over 3 hours. Waterloo is only a few minutes taxi ride from the hotels and the Royal College of Surgeons.

The Royal College of Surgeons of England

To enter the Royal College of Surgeons is to step inside the history of surgery. Great surgeons of the past, captured in oil paintings and bronze busts, look down thoughtfully as if inspecting each visitor to the College in Lincoln's Inn Fields in central London.

The roots of the College go back more than six centuries to the Barbers' Company and the Guild of Surgeons of the City of London, whose members took over the simple surgery of mediaeval England from the monks. The link between barbers and surgeons was sealed by King Henry VIII in 1540 when the two were united by Act of Parliament into the Company of Barber-Surgeons.

Two centuries later, when the two professions parted company, surgery was still crude. With no realisation of the need for even basic hygiene, minor injuries often proved fatal. The Company of Surgeons became the Royal College of Surgeons when King George III granted it a Royal Charter in 1800. The name was changed to The Royal College of Surgeons of England in 1843, a year before the first examinations were held for the Fellowship.

The Hunterian Museum

The Hunterian Museum houses John Hunter's 14,000 anatomical and pathological specimens. But the collection grew so rapidly that the College and museum had to be rebuilt. By 1941 the Hunterian Museum held over 65,000 specimens. Many were destroyed when London was bombed during the Second World War, but much survived and in 1963 the present Hunterian Museum was opened, thanks to the generosity of the Wolfson Foundation, the British Red Cross and Lady Webb-Johnson.

REGISTRATION, ACCREDITATION & GENERAL INFORMATION

REGISTRATION

Date & Time:

1700 - 1900 Wednesday, May 15, 1996

0745 - 0900

Thursday, May 16, 1996

Location:

The Royal College of Surgeons of

England

Lincoln's Inn Fields

London WC2A 3PN

SYMPOSIUM ACCREDITATION

The Symposium has been approved by the Royal College of Anaesthetists for Continuous Medical Education (CME) of 5 credits per day. Application for approval has been made to other Royal Colleges and is anticipated.

This meeting has been approved for CME accreditation in the United States. The number of credit hours will be announced.

SOCIAL EVENT

A Welcome Reception has been planned for the evening of Thursday, May 16 1996, from 1730 - 2000 in the Exhibit Hall. We hope you will be able to join us for this event. The cost is included in the Registration fee.

FEES

	Received on/or before February 1, 1996	Received after February 1, 1996
Physicians	£275	£325
Administrators	£275	£325
Nurses, Other	£225	£250
Health Care Professiona	ls £225	£250
Registrars, Residents	£225	£250

Cheques must be made payable to "9th ATACCS" and forwarded to the 9th ATACCS Secretariat at the address below.

MasterCard and Visa are accepted methods of payment.

A £50.00 handling fee will be withheld from registration refunds paid to those who cancel registration on or before April 20, 1996. After that date, no refund will be made. All cancellations must be in writing and forwarded to 9th ATACCS Secretariat.

Early registration is encouraged since the conference facilities will limit numbers participating. Participants who are not pre-registered will be admitted on a space available basis only.
